

## 10 Wise Things to do when Working on Dairy Farms

(For more details see "Basic Advice to Reduce Common Animal Related Risks While Working on Farms",  
John Roberts, DVM, REPS-DATCP)

- 1) Wash your boots well before leaving the farm
- 2) Wash your hands well before eating
- 3) Leave and come back some other day if the herd has Winter Dysentery
- 4) Ask if there is a bull in the area you will be working
- 5) Don't stand close enough behind a cow to be kicked
- 6) Don't pet the dog
- 7) Pick up anything you drop in the manger
- 8) Let the farmer know what you are doing
- 9) Tell the truth even if you don't know the answer
- 10) Avoid telling neighbors about neighbors
